Early Worship Service - Compassion Over Perfectionism

This Sunday we begin Lent with a journey into the wilderness. As we follow the steps of Jesus in the wild, we may find beauty even in the barrenness and hope in the dry places. As we consider Brené Brown's guideposts for whole-hearted living, we begin our focus with "Cultivating Self-Compassion: Letting Go of Perfectionism." So this season is not about paying penance, but rather cultivating the divine life and love that has been sown in our hearts. This Sunday we will also hear music from Jane Tatum.
