Pilgrimage Group

Pilgrimage is a time for the older youth to begin to think through issues of faith partnered with a trip that helps illustrate aspects of theology that can remain with them throughout life. The youth will spend the year reading books, discussing complex cultural/theological issues, and planning a trip for the summer. The goal of pilgrimage is to create a personal faith outside of their comfortable environment and develop an ethic for impacting the world that will last for years to come. Pilgrimage meets on certain Wednesday evenings at 7pm.
