Youth Bible Study

This year the youth are studying the crazy and complex book of Revelation. As they read through the story, they will discuss the various ways Christians have viewed this book and then find a healthy approach to give meaning to their current setting. The youth will also explore contemporary apocalyptic examples as they search for hope through the fears of climate change, gun violence, and the zombie apocalypse. Youth Bible Study is from 4:30-6:30 p.m. on Sundays in the youth room. Please bring your Bibles with you.
