## Writers Retreat

Whether or not you consider yourself a writer, you can join us for a morning of writing and reflecting. Writing can be a tool for self-discovery and healing. We'll engage in several exercises to explore our inner landscapes and discover paths to wholeness, and renewal. Even if you've never joined our writers workshop before, this retreat can be a great time to explore writing as a tool for self-expression and contemplation. You're always welcome to share your writing or keep it private--our welcoming group of writers create a safe place to exercise your creativity.
