Vespers

Join us online this Wednesday for Vespers. We'll broadcast straight from the Austin's living room. We'll spend a few minutes talking about what we're doing to stay sane and read a scripture. Then we'll call Mark on Skype for a devotion and prayer and finish up with a song. After we give this a try, we may reach out and Skype with other Central folks to catch up and stay connected. You can find us live on our [YouTube channel at 7 p.m this Wednesday](#). The video will stay online so you can watch it later too. We'll watch the chat if you have any questions.
