📍 MEMORIAL COLISEUM

CBC Boomers at Historic Memorial Coliseum

The CBC Boomers will tour the newly-renovated Historic Memorial Coliseum (HMC) on the University of Kentucky Campus. Memorial Coliseum, originally completed in 1950, was named as a remembrance of the more than 9,000 Kentuckians who died in World War II. The UK Wildcats men's basketball team played there until Rupp Arena opened in 1976. The facility now houses teams in four sports - women's basketball, volleyball, gymnastics, and STUNT. We invite and encourage anyone who is interested to join us for this tour. Parking will be in a lot adjacent to the facility and elevators are available to facilitate access inside the building. We'll have lunch nearby after the tour.
