

CBC Game Night

In these stressful times, it is important to not only find spiritual support in community, but also simple joy and relaxation. With this in mind, we hope to start the new year on the right foot by organizing a "game night" club here at CBC, open to all who want to come and have some fun! We hope this club might offer a chance to recharge after a stressful week, but also an opportunity for our church to continue to build our congregation's unity and commitment to one another. We hope to get started mid-March, but want to offer an initial survey to help with planning! [Please fill one out](#) if you are interested in joining, and return it to Hannah James, or drop it back off in the provided basket. You can find the hard copies of the survey in the front, or email Hannah James to request a digital copy.
