BUILD Lex Nehemiah Action

BUILD (Building a United Interfaith Lexington through Direct-Action) is a coalition of 26 congregations with over 15,000 members from diverse racial, economic, and denominational backgrounds, committed to making Fayette County a better place for all. We do not provide direct services to individuals. Instead, we harness the collective power of our community to challenge leaders and drive policy and funding changes that address serious issues like unaffordable housing, crime, lack of healthcare, addiction, and inadequate public transit.

Come and join the hundreds of voices across Lexington as we ask our city leaders to commit to changes that ensure safety, justice, and community for everyone. Contact Charles or CJ James if you have questions or want to carpool. Doors open at 6:15pm.
