Praying with Pictures

It is easy to find ourselves so busy and distracted that we may miss God's presence in our daily comings and goings. As a reminder that God permeates all of life, we invite you to snap a quick photo and email it to us. You may want to take a photo of a place where you sense the presence of God in a special way. Or, perhaps it's a place where you want to sense God's presence more. We may sense God's presence in a beautiful sunrise, but we might also see God's love and care while we're sitting in our cubicle or long for a deeper understanding of God's nearness while waiting in rush hour traffic. All of the images will be presented without attribution. Photos from your smartphone will work fine. Please email your photos at their original size to info@lexcentral.com to be used in a slideshow on Oct. 30.
