## God's Pantry Food Drive

SUPPORT OUR LOCAL FOOD PANTRIES.

We have collected over 12,000 lbs. of food for God's Pantry through recent years and as we start collecting food items for the month of October, we have decided to collect what the local food pantries are in great need of. This year, we will be collecting canned fruit, soup, and cereal. Boxes will be set up outside the church office to collect donations from Oct. 2—Oct. 30. The Fayette County Pantry Program serves clients (families and individuals residing in Fayette County) directly through the distribution of a five- to seven-day supply of food to 1,900 households each month.
